## **VENDOR FAIR INCLUDED –THE BEST OF NONFICTION**

Description: Dr Aronson believes “ that a NF book is not just an illustrated text about a person or subject, it is also the result of a research and writing journey that can be a model for young people... His mission is to inspire young people to ask questions, to look around, behind, inside of the stories the world tells us - whether that means being a detective, examining the clues history has left behind, or a modern world. “ In this session Dr. Aronson will share strategies for engaging student interest in nonfiction and share his insights on boys and reading.
